Caliente Hot Springs

Last Saturday evening the many friends of Mr. and Mrs. Theodor Richards joined with them in celebrating the eight anniversary of their proprietorship of the Springs.

There was a large number present and each and everyone seemed to enjoy themselves in dancing, listening to the excellent music furnished by an orchestra from the metropolis, and strolling around the large and magnificent grounds.

At the hour of midnight a fine supper was served in the large and commodious dining room, composed of chicken pie, salads, cold meats, cakes, etc., and all left the tables satisfied, realizing that Mr. and Mrs. Richards can serve a most appetizing meal at a very moderate price.

Sonoma was well represented and we could see many well known business men of our city and their families intermingling with the crowd.

There were many from Santa Rosa and we noticed C. O. Dunbar, of the Press Democrat, of that city, and O. L. Houts there with an auto party.

Glen Ellen added its quota to the throng and San Francisco was also well represented.

Taking the affair all in all it was a success from start to finish and the proprietors must be congratulated upon their excellent management and consideration of their guests' enjoyment.

A Serious Accident

A serious accident occured at Boyes Hot Springs, near the station, Monday afternoon, when an unknown man, a gentleman from the city and connected with the M and J. Sloan Furniture Co., was driving one of Joe Ryan's rigs towards the Springs.

A motorcycle was coming from the Springs at a high rate of speed and rounding a sharp turn suddenly frightened the team, which started to run away immediately, pulling the driver over the dashboard and in some manner broke his leg. They then ran into a buggy driven by Miss Pemberton and an elderly gentleman, throwing them out, and completing demolishing the buggy. The occupents of the buggy were only bruised and shaken up, and it is a miracle that they escaped with their lives.

The man whose leg was broken was treated by Dr. Thomson and then taken to the German Hospital in San Francisco.

The rig belonging to Ryan was not broken up much, but one of the horses were bruised considerable They were soon caught and tied in the Spring's stables until Ryan arrived.

The Arion Club

Some time since we gave a short account in these columns of the arrival and entertainment of the Arion Singing Club of San Francisco at Boyes Hot Springs.

It is evident that they had a good time while at the Springs for they returned in a body of 120 and once more enjoyed a vacation for three days.

Talk about jolly crowds—well they were the jolliest ever, and one could sit and listen to the songs they sang for hours They have fine voices and rendered most excellent music.

It is hoped that they will return again—and soon at that—and enable us to listen to music of the finest quality sung by trained voices.

Hunters who have been in the habit of going into the fields without a hunting license in the past and killing certain game which was not protected by the law, are warned that the new law which was passed by the recent legislature has made some changes in these matters. It would be well for these persons to familiarize themselves with the law, and this may cause them to avoid trouble in ths future. The new law provides that every person "who hunts, pursues or kills any of the wild birds or animals, excepting predatory birds or animals," must first procure a license. This law now applies to the class of hunters who hunt for rabbits, wild geese, pigeons, squirrels, etc.

Organize Board of Trade

Wednesday evening a number of our enterprising citizens met in the City Hall and temporarily organized a Board of Trade, and even though the day was a holiday and had been a scorcher those present were enthusiastic and made many suggestions that will be of a benefit to Sonoma and vicinity.

Mr. F. T. Duhring was elected chairman and W. A. Werner temperory secretary. It is the intention of this board to have representatives from the Board of Trades in Napa, Santa Rosa and Petaluma here on June 11th and organize permanently that evening.

A committee of five were appointed to receive these guests and make arrangements for a banquet and everything necessary appertaining thereto, this being found necessary the better to enable us to organize in the proper manner.

Invitations will be sent out to our citizens and it is hoped that a large number will turn out on June 11th and listen to many addresses and glean much knowledge and enjoy a fine spread.

Robbers Captured

The capture of the three train robbers in Omaha May 29, by the police will result in three small boys receiving about $10,000 each of the reward of $90,000 offered for the bandits, which will be paid on their conviction.

The curiosity of the boys led them to pull a leather string which they saw in a pile of rubbish and brought to light a leather holster with an automatic revolver. The boys told their teacher, who informed the police. A trap was laid and when the three men returned to get the weapon they were arrested. Later they were identified as the train bandits.

The teacher, and officers, who make the arrests, will share in the divison of the balance of the reward. The boys are the sons of Bohemians working in the packing houses.

Schellville Hatchery

Mr. Fred. Schell, manager of the above Hatchery, reports that he has just closed a very successful hatching season, having hatched out over ten thousand, strong, healthy chicks, which he has shipped all over the State. He says although he has twelve large incubators, holding over 5000 eggs, that he was unable to fill all of his orders and contemplates adding several large machines to his plant next year to meet his increasing business.

Mr. Schell is a firm believer in advertising, as well as giving all his customers "A Square Deal" and by furnishing only strong, heathly chicks and guaranteeing safe delivery to any point in California, the has built up a business of which any man may be proud.

Advertising

The brains you put in your advertising will come back in the form of ready money. The more brains you put in, the more ready money you take out.

You can never tell who will read your advertising copy or what effect it will have in particular cases. But you can estimate the number of probable readers and determine approximately the result upon the average person.

What is Advertising? Telling what people have for sale? That is part of advertising When you begin to tell them the price you have begun advertising. When you begin to use selling talk in your advertising you have begun good advertising.

A Prize Waltz

Evidently the prize waltz fever is on in Sonoma and once more the contestants in that amusement will have a chance to compete for the prize. On next Saturday evening H. Pellissier will give a dance at the Lawrence Villa. There will be fine music and a good time for all.

The Grand Army men are dying at a rate of 2500 a month, according to the statement of Vespasian Warner, Commissioner of Pensions, who is making an official tour of the pension offices, and is staying for a few days in San Francisco.

FRIDAY, JUNE 4, 1909

Relative to Memorial Day, which was so fittingly observed in our city, and of which the account appears in another article in this issue, it has been suggested that in anticipation of the exercises, which will be held in the coming year, that the cemetery be thoroughly cleaned and relatives of the dead therein contained fix up their plots for the occasion. This is an excellent suggestion and let us remember it and see that our cemetery receives the attention called for before and for next Memorial Day.

At last Sonoma has what it has needed for some time—a Board of Trade. And if conducted as in other places it will be of a benefit to our city and, no doubt, will bring many enterprises to our valley during the next few years.

We believe this society has started right in wanting harmony and boosting and never knocking, and we sincerely hope that no member will try to ride a hobby and will always give and take, realizing more mind's than one are better in any business transaction.

Listen not to knocking, for a mind must be very small and built on very narrow lines that would knock any enterprise for the betterment of Sonoma. There will always be knockers against anything that is started, but they only advertise a cause such as the Board of Trade and interest those who have taken no interest in the proceedings before.

Sentenced To Folsom Prison

John Riley, the man who made the murderous assault on Patrick Joseph Malone at the Bigelow ranch, near Sonoma some months ago, was sentenced to Folsom penitentiary on Tuesday. Judge Emmet Seawell sentenced the man and he will serve eighteen months at the penal institution.

Riley was convicted by a jury in Judge Seawell's court one day last week. He was recommended to the mercy of the court, and some of the jurors even suggested that a county jail sentence would be approximate. Judge Seawell disagreed with this idea, however, and sent Riley to Folsom.

Attorney Alexander Bruce, who represented Riley, and at whose suggestion the hour of the sentence was set for Tuesday, was not present in court, Judge Seawell ordered a citation issued for the attorney, and he is in contempt of court until satisfactory explanations have been made of his absence from court on this particuliar occasion.

The court appointed Attorney Marvin T. Vaughan to represent the convicted man, and the latter made an eloquent plea to the judge for leniency for his client.—Republican.

Memorial Exercises

There was a large attendance at the Memorial Day exercises, Monday morning, at Union Hall, and the program was a fitting observance of the patriotic occasion.

The pupils of the Grammar school, carrying flags and flowers, and headed by Joe Castex and Donald Priestwood, color-bearers; and Arthur Carmer and Lawrence Hunter, drummer boys; marched to the hall at 10 o'clock and enter their seats while the "El Capitan" march was played by Emilie Poppe. Ten or twelve veterans occupied seats on the stage, which was draped with flags. Mayor Breitenbach acted as chairman of the day and introduced the numbers on the program as follows:

Invocation.....Father Leahy
Song, "Tramp, Tramp, Tramp, the Boys Are Marching,".....By the Grammar School
Salute to the Flag.....Miss Cook's Pulpils
The flag used formerly flew on the famous warship "Kearange" which sunk the Confederate "Alabama."
Salute to the Flag.....Miss Murphy's Pupils
Trooper Wm. Bauer, formerly of the 1st U. S. Cavalry held the gufdon of troop A, used in the battle of San Juan Hill, Cuba.
Song, "Just Before the Battle Mother".....Miss Helena Clewe
Remarks.....Gen. Theodore Wagner
Address.....Judge R. F. Crawford
Song, "Old Ironsides".....Mr. Priestwood's and Miss Witerman's Pupils
Song "America."
Benediction.....Rev. W. C. Day

The program was very enjoyable, of special interest being the songs of the children, the salutes to the flag and address by Comrade Crawford.

At the conclusion of the exercises at the hall, a large portion of the audience went to Mountain Cemetery where Miss Trueblood read Lincoln's Gettysburg Address, and two appropriate songs, "Once More," and "Brave Hearts, Lie Still," were sung by a choir consisting of Rev. and Mrs. W. C. Day, Mrs. Burlingame, Laura Fussell, Marjorie Buchan, J. Johnson and R. H. Platt.

The committee wish to return thanks to Manager Koenig for the use of the hall, to the choir, and all others who assisted either in the program or otherwise in rendering the exercises as a success. It is hoped that next year the observance of the day may be even more general.

Jack London Will Build Fine Home

Thomas Johnson, the well known resident of Glen Ellen, has received a letter from his old time friend, Jack London, the novelist. During Mr. London's long absence abroad he has sent Mr Johnson frequent communications telling of the progress of his travels abroad.

The latest news Mr. Johnson has received comes from Parem, where London has been visiting for some time on his homeward trip to this country. He expects to return home about July 1.

As is well known, London owns some land near Glen Ellen, which he purchased from Robert Porter Hill. Upon his return he expects to carry out some notable improvements on the place, among them being the erection of a fine home for himself and wife and several cottages for his friends. He will also build a $5000 reservoir and pumping plant on the farm. London is very much infactuated with the beautiful Sonoma Valley. Near Glen Ellen is "Wake Robin Lodge," the country home of Mrs. London's aunt, Mrs. Nanetta Eames, herself a writer of some note. Upon their return to this state Mr. and Mrs. London will spend a considerable portion of their time on their place near Glen Ellen.—Press Democrat.

To Build A Bridge

The big concern recently purchasing the Dr. C. C. O'Donnell ranch at Glen Ellen, for the purpose of erecting an Emmanuel Sanitarium thereon, is making plans for the carrying out of the scheme. In addition to letting a contract for the erection of buildings the company has let one for the construction of a bridge across Sonoma Creek, near the Northwestern Pacific depot. Contractor Armstrong, of Berkeley, will do the wood and iron work and Contractor Foss of the same place will do the cement and stone work. On Saturday the deed to the property from Dr. C. C. O'Donnell to the Sanitarium Company willl be transferred. The financial consideration is not stated.—Press Democrat.

High School Report.

Examinations were finished Wednesday afternoon.

Last week, the school welcomed County Superintendent Montgomery as a visitor.

School closed Wednesday and after all our worry the "University Man" failed to show up.

The Golden Bear is out! Copies were sold at "The Ulster." Further details will appear next week

Commencement exercises will be held this evening (Friday) at Union Hall. Our graduates are Helen Fussell, Seymour Trowbridge and Western Logan. All are invited to attend.

The Senior reception, which took place last Friday evening, was certaingl a success. The Assembly Hall of the High School was beautifully decorated in green ferns and red geraniums. A red floral '09 told its story at one end of the room. The reception was largely attended and all had a very enjoyable time.

The pupils of S. V. U. H. S. take this opportunity of wishing every thing good to our departing sentors. Though they are but three in number we have learned to know them and are glad to be friends of theirs. So we want to say to you fellow pupils, we hope you may have the best of health and good luck through out all your life. We hope that fortune may smile upon you, and if your names are written on the portals of fame, never forget the little old school you graduated from. Good luck to you all!

GLEN ELLEN NEWS

The S. P. Co., are burning the tall grass along their tracks owing to danger of fire.

The new addition to the brick cottage recently destroyed by fire is completed, and we understand will soon be occupied.

Wm. Speaker and family have returned and will reside here. Mr. Speaker is fireman on the passenger train, and their many friends are glad to see them back again.

A play entitled "How the story grew," will be given at May Flower Hall Friday evening. The proceeds will be for the benefit of the Congrational Church and local talent will appear.

Monday evening a number of the residents of Mt. Trinity were invited to a social gathering and dance given by the Groulx brothers at the Fleckin place. Those present thoroughly enjoyed the old fashioned square dances and indulged in the merry making till the wee' sma' hours of morning.

Mr. Jerry Lafferly was warmly applauded for his faithful and able services upon the violin. Al Groulx was master of ceremony and seemed the happiest of the bunch, and we do not wonder, for there are rumors of a wedding to be held soon at Mt. Triniti.

Last Sunday afternoon Miss Freida Hertzog and Miss Edna Poppe took a trip to Mt. Triniti where they found quite a gathering of young people. Music and fun were indulged in and before departing for home the young people were invited to sample the Doctor's cherry trees, which they did in a most pleasant manner. During the afternoon they were interested observers of a courtship on horse back in true western style, Miss Poppe has since "versified" on this. There are rumors of a "wedding to be" soon at Mt. Triniti but for further details see "Al."

The Ulster

Many a man has lost an ulster but we doubt in any man ever had the trouble in finding it as was witnessed in Union Hall last evening when Sonoma turned out in a body to attend the play given by the High School pupils.

We read in the Golden Bear "The Ulster, a comedy in three acts" and in rememberance of the exciting times of last evening we can but say the name sounds tame and very unassuming to the play itself, and us ever on the alert lest we lose an ulster and find our-elves in the same predicament as the man who lost this one or, worse still, the one found it.

The Ulster was a grand success and to much praise can not be given those who took part and their teachers and instructors for their able and efficient manner in which the whole program was rendered.

When the curtain was raised on the firat act we saw Fredrick Duhring standing without fear or stage fright, representing Goeffery, son of Prof. Barton, who lost an ulster and remained all night on the steps of a stairway, shaking with cold at a temperature of 14 degrees below zero. He carried his part with dignity and ability throughout the play.

Western Logan, representing Mr. Valentine Flipper appeared next and showed that he was throughly versed in his part and that he could make good as a professional actor with little training, and proved to the audiance that he was perfectly cabable of handling his part. Western you were fine as Mr. Flipper and had a very hard part. You have the credit of bringing the first applause of the evening.

Reuben Woodworth as Wilmington created much laughter and applause from the begining and stood in deathly fear of his father, and at times became so weak kneed and shaky that it was almost impossible to answer the rapid fire questions put to him by his angry parent. Reuben you made good and acted your part splendidly and could imitate fear and trembling with apparent ease.

George Chase, as Prof. Burton was supposed to be physically educated and seemed to be slightly deaf and ever ready to butt in and never appeared to understand a word that was being said, drawing his own conclusion and was apparently willing to start on a long discourse relative to physical development at any time. George you carried your part fine and showed that you had the right interpretation of the character.

Donald Campbell first appeared as Mike, the groom, and had a brogue that was fine and coupled with his makeup and clay pipe made a typical Irishman. Later he appeared as Mr. Burton—another man who had lost an ulster. Donald in both characters you showed your metal and and carried out both in an able manner.

Joseph Bogunda represented Peter Jones and was mistaken for Peter Snarl. He called himself the "new broom" and acted the part of a green country lad with much credit and brought down the house, (being very sympathetic and upon seeing the ladies in tears) with his crying act. Joseph your costume was fine and as an actor you made a hit.

Rudolph Wagner made a good detective and seemed ready to ferrit out anything, even to his employer's personal affairs, and even though on the stage for a few minutes at a time, did splendid.

Ray Cooper as Snorter, the cab man, was good in make up and acting, being "funny that way" in things and acquitted himself creditably.

Harry Lutgens as John, the footman proved to be an excellent English servant and found it most convenient to put h's where they did not belong and leave them hoff where they did. Harry you made good as a footman, and carried your part remarkably well.

Hamil Wagnon as Mr. Black, lawyer's clerk, did not have many lines, but his make-up was good and if given a larger part would do credit to it.

Emilie Poppe as Mrs. Betsy Flipper, aged thirty, and an orphan at eighteen, was simply fine and proved herself one of the stars of the evening. She had the true interpretation of her part and we could not see a flaw in her acting. She was under cloud in her husband's mind throughout the play and was not vindicated until the close of the last act, when her husband saw what a fool he had been. Miss Poppe allow us to compliment you on your acting.

Myrtle Minkle as Sadie, Flipper's niece, was kept continually in hot water by her uncle's temper and was constantly running across Peter instead of meeting the man she loved and ready to die for. Miss Minkle you are to numbered among those of the evening who made a success of their parts.

Helen Fussell as Mrs. Barton was certainly good. She belonged to the "old school" and had very set ideas as to lineage, etc. Her costume was solid black and she was dressed in such a manner that she made a fine elderly lady. Miss Fussell in your acting you proved yourself equal to your part and could take off the several poses and walk of an elderly lady with credit. Congratulation to you as well.

Edna Cooper as Agnes, her daughter, and an angle on wheels was forced by her father to go through his several courses of physical development. She was also madly in love and showed it from start to finish. Miss Cooper you would make a fine professional actress and showed yourself cabable of handling any part given you.

Gertrude Breitenbach as Patsy, a maid at Flipper's, made a prim and precise little maid but was continually beset by the several callers at the home. Yes, she had a beau but—well Flipper was mean and cut her conversation short before she could tell us about it, Miss Breitenbach you made a fine servant and carried out your part in fine style.

Eva Dresel represented Susan, a maid at Bartons and though only on the stage a few minutes was very good.

Marjorie Buchanas, Moll, an unlilled flower of nature, made a hit when she made her first appearance of the play and the way she could chew her fingers and get in odd and grotesque poses brought forth much laughter, Miss Buchan your custom was fine and you certainly ought to be able to make quite a catch.

Two of the best actors did not appear however, but they were there superintending the play and acting as prompters—Miss More and Miss Trueblood. It is evident they were missed however as they were called before the footlights by the audience and thanked the assembly for their call.

To them must be given the credit of the play for they have been working like slaves to make it a success and the residents of this valley appreciate their endeavors more than words can tell.

The "Golden Bear" was sold during the evening and the edition was exhausted.

The music was furnished by the Pauli Johnson orchestra and was excellent The receipts for the evening must have been very gratifying as the house was packed to fullest capacity.

Stranger Attempts Suicide

President H. H. Brown of the Bank of Calistoga, charged with embezzling $6,384 77 from that institution was acquitted in Napa on Wednesday by a jury after a deliberation of an hour and forty minutes. Public opinion was with Brown in the case and but little effort was made to convict by the prosecution. Brown was defended by Attorney Theodore A. Bell who made a magnificent plea for his client in closing the case.

Surprise Party

Last Wednesday evening was a red letter day for a few High School pupils. A few of the numerous friends of Olive and Seymour Trowbridge packed some lunch baskets and descended on the Trowbridge residence like a cyclone. Was it a surprise? Just ask our host and hostess Songs, games and conversation whiled away the evening. Really the time slipped away so fast that it was pretty late when two of the party finally unpacked the baskets. But they made up time when the feast was spread. At a late hour all departed, declaring the surprise a success.

Those present were the Misses Bernice Hocker, Helen Fussell, Evi Dresel, Gertrude Calderwood, Alice Rubke, Marjorie Buchan and Olive Trowbridge. The boys were Harry Lutgens, Lester Small, Otto Dresel, Julius Dresel and Seymour Trowbridge.

How Nature Provides.

OUR BEAUTY, HEALTH AND HAPPINESS.

Is it not possible if not probable that elements necessary for the body-health are contained in the native medicinal roots found in the earth, digested in the plant laboratory of *nature* and made ready for man or animal?

The medicinal virtues of many American plants and roots were known to the early Indians. Thus a root known to modern physicians as Caulophyllum or Blue Cohosh was known to the Indians as "Squaw root." Another, known to the Indians as "Rattleweed root," is used in modern medicine as "Cimicifuga."

Prof. King's American Dispensatory, an authority in these matters, says: "Our Indians set a high value on Rattleweed root (Black Cohosh) in diseases of women. It is surpassed by no other drug in congestive conditions of the parts where there are dragging pains and tenderness."

After many years of study and experiment Dr. Pierce, the medical director of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., put up a prescription of his own, containing the non-alcoholic, glyceric extracts of the two above mentioned ingredients, together with Golden Seal root, Lady's Slipper root and Unicorn root. Thus, there is no mystery in the make-up of this famous "Prescription." The use of alcohol is entirely avoided in its manufacture, chemically pure glycerine being found to serve the purpose of extracting and preserving the medical properties even better than alcohol.

Learn the Truth. The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed on the wrapper of every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called DR. PIERCE'S FAVORITE PRESCRIPTION.

It Stands Alone not only in respect to its ingredients, but also as the only specific advertised remedy for woman's diseases which absolutely CONTAINS NO ALCOHOL.

It Stands Alone as the one medicine for women, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "FAVORITE PRESCRIPTION" is made of such ingredients and after a working formula that has thousands of cures to its credit placing its merits above criticism.

It Stands Alone as Nature's cure for the diseases peculiar to women because the earth supplies the vegetable ingredients.

Mrs. Mary J. Beard (Trained Nurse, Washington Hospitals, of 1705 9th Street, N. W., Washington, D. C., writes:

"I felt badly for four years, had terrible pains at times and was often unable to be about attending to my duties; appetite was poor and sleep fitful. Tried to cure myself in various ways without success, but finally my attention was called to Doctor Pierce's Favorite Prescription and decided to try it. Am certainly glad that I did for I began to improve with the first bottle, and gradually became better until I was entirely cured of the old trouble. Am well and can enjoy life once more."

Dr. Pierce's Good temper is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken always. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. By all druggists **Pellets.**

Having reputations for fighting like their countrymen, the Boars, two cartons of South African bugs have arrived at the State insectary and are being prepared for war on the black scale parasite, enemy of the orange, lemon and olive fruits of California. The bugs are so small as to be scarcely discernible to the naked eye, but under the microscope they develop a pair of nippers that look like pipe tongs. These are the weapons they use in their fight against the black scale. State Entomologist Carnes will keep the little fellows until they have multiplied so that colonies can be sent out to the orchards of the State.

The Motion Picture Patents Company has issued a license to the United States Navy to operate under its patents, in making motion pictures of Battleships in action. The camera will be adjusted after the fashion of the compass, so that it will remain level in spite of the pitching and tossing of the ship. Pictures will then be made of the various vessels under full speed firing at a target. The result will be shown on a screen, as in a regular moving picture show, before the Naval Board, thus enabling to study the relative merits of the different classes of vessels, their methods of handling and firing, their efficiently etc. This will be the first time in the World that Motion Pictures have been so applied, and the scheme is likely to be of great value to the Navy, especially in the Ordnance Department.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has pronounced it a constitutional disease and therefore requires constitutional treatment. Hall's catarrh cure, manufactured by F. J. Cheney & Co, Toledo Ohio is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucus surfaces of the system. They offer $100 for any case it fails to cure. Send for circulars and testimonials

Seattle, Wash.—Nome's gold out put this year will be approximately $5.000,000, according to statement made by Jafet Lindenberg, one of the pioneers of the Nome district, who is in Seattle. Lindenberg said that it is possible to make a fairly accurate forecast this early in the season, although the clean-up of the boxes will not be taken until about the first of July. The gold output this year will be little, if any greater than last year.

You ought to have Kodol handy all the time. Everyone at some time—and you can't tell when—has poor digestion, due to many different things, but mostly to eating excessively, or eating wrong kind of food. These little attacks of indigestion are what bring on other ailments, such as other acute indigestion, chronic dyspepsia, and even more serious permanent illness. Kodol is guaranteed to give relief. Try it today. Sold byall druggi ts.

Two thousand horned toads from Texas are going through the metalizing process at metallic reproduction plant at Waukegan, Mich., and are being formed into hat pins. To make each pin a fresh toad is needed. It is chloroformed before being put into the process. The idea of using them for hat pins it is expected to appeal to women who like fads.

There is'nt any guess work about Kodol. We do not say to you, that it may be or might cure your dyspepsia—we say it will. We know it will, because it is made to digest food you eat, and when your food digests you can't have intergestion—that's all intergestion is—your stomach fails to digest your food. Heartburn, sour risings, belching, dull, heavy feeling and such things are all caused by intergestion. Kodol stops them by digesting all the food you eat. A teaspoonful of Kodol digests 2¼ pounds of food. It is a pleasant, palatable, liquid combination of natural disgestive juices and vegetable acids. Sold by all druggists

At least fifteen people were killed May 29 in a tornado that devasted the Oklahama towns of Key West and Depew. Forty or more were injured. At least ten were killed in Key West. That figure was confirmed by a number of people who fled before the storm. Five are dead at Depew. The tornado swept over a wide stretch of farming country.

Wise Talks by the Office Boy.

The boss says, "The things a man intends to do when he gets time will never help him up the ladder of success," and spouted all that at me just because I said I would rearrange my window display tomorrow.

He allowed I was acquiring a lot o' Arkansaw philosophy; viz. "Never do anything today that can be put off till tomorrow." I guess they are a little dilatory down Arkansaw way, but I am here to state that it wont do for any one to accuse the Sonoma folks of being chair warmers. We are all right up to the bit, and in this store especially. Do you know the best dressed men come to our store for their best suits I tell you our $20. suits fit better and hold their shape longer than most made to measure suits at $30. Look at the bargains in our summer hats, men and boys straw and panama hats at a sacrifice. All ladies trimmed hats one fourth off, call soon before the best are taken.
